

The Outdoor Academy of the Southern Appalachians

WORLD HISTORY INFORMATION

Dear Sending World History Teacher,

_____ is attending The Outdoor Academy during the coming _____ semester and has signed up for World History.

Our student body comes from numerous academic backgrounds, so students can expect to be integrated with others of various aptitude levels and curricular structures from their sending schools. The World History course aims to cover material that most sending schools include on their syllabi this semester. Our goal is for students to return to their regular schools having been exposed to material similar to what their peers have been studying.

Students should bring with them their own textbooks to help us make sure that they are covering material comparable to that of your own classroom. Additionally, it would be helpful for World History teachers to provide The Outdoor Academy with a copy of the syllabus for the semester. Including any significant assignments or projects would also be beneficial. If a World History text dictates the material your class covers, photocopying the Table of Contents of the text and sending that along would be great.

So that we may facilitate clear communication with the student's sending school, we would like to have the World History teacher's contact information. Please let us know if there is anything we can do to help facilitate the student's semester away, and thank you in advance.

Teacher's Name _____ School _____

Teacher's Signature _____ Date _____

Numbers where you can be reached: _____; _____; _____; _____
(phone - work) (fax) (phone - home) (e-mail)

Thank you for promptly returning this to the applicant.

We know your time is valuable and appreciate your help. Please call our Admissions Director with questions or comments.
