During this session, we will explore the various options available for the students, alumni, and faculty/staff thru the Microsoft Live@edu offering. This offering goes beyond just email for life to include collaboration tools (Office Live Workspaces) and storage options (SkyDrive). We will explore the options for email – we now offer Exchange hosted email for students and alumni – so we will explore what this now offers institutions. Lastly, we will explore new offerings that haven't been discussed yet but will be available at the time of this session – yes, there is more to come!
