

Prayer is in School?

Donelson Christian
Academy values the right to
pray in school.

Before a class...

Before a game...

When a student hurts ...

We value the right to pray.

As a result,

God is sought ...

A need is met...

A lesson is learned...

The lesson that God cares and loves you very much, especially when the "you" is your child.

We believe this is the greatest lesson that can ever be learned.

We also believe the earlier it happens in a child's life, the better.

Our parents express it even better than we do!

"Looking back, the one thing that had the greatest impact for our children's spiritual growth was the integration of prayer and Christ's teachings with everyday life situations while at DCA."

Mike and Debbie Willis

Parents of two DCA graduates

"We are thankful our sons are in a school where prayer is not only allowed, but exercised and practiced as a daily part of their education and lives"

Jimmy and Kim Startup

Parents of two elementary students

"It is a blessing to share the bond of Jesus Christ with the faculty and staff of DCA. To know that there is godly leadership and prayer for our sons (as there was for our daughter) while they go through the crucial years of middle school, is truly a source of comfort and peace."

Matt and Barbara Nicks

Parents of two middle school students

"We are so grateful for the students and faculty at DCA who were there for our daughter during a car accident. They prayed for her and stood by her with love and support. DCA is more than a school, it is a loving, caring, praying family that is there for you when you need them."

Don and Melanie Durham

Parents of a high school student

In the financial times of today, the biggest hurdle for many parents is the cost of quality Christian education versus their family's affordability. Many of our parents make a sacrifice for their children to attend. However, we also feel a responsibility to help parents in their efforts.

DCA works hard to assist parents by:

- Offering a 12-month payment plan to help family budgets.
- Offering and expanding a need-based financial aid program for qualifying families.

Whether the need arises from low income, the financial pressure to pay for multiple students, work layoff, etc., DCA desires to explore every option with you.

Come let us partner with you now so that your child may experience the joy of praying in school.

We believe it
is the most
valuable lesson
they will
ever learn
