

Newspaper and Magazine Recycling Program

The PTO sponsors the Newspaper and Magazine Recycling Program at DCA through SP Recycling Corporation (Southeast Paper Recycling). The newspaper collection bin is conveniently located near the end of the elementary wing just across the street from the awning. **You can place both newspapers and magazines in the bins even though the bins still have NEWSPAPER ONLY on them!** For more information about SP Recycling, visit their web site at www.spreycling.com.

Contact the DCA PTO 1st Vice President for more information about DCA's involvement in this program.
