**Advising Dates/Advisor Initials:** \_\_\_\_\_

**Total Hours Required = 129**

**NOTES:** If a student enrolls with a Bachelor's degree or University Parallel Associate's degree then he/she is considered to have met our GEC requirements; unless there are specific GEC course requirements that are prerequisites for courses in the major; such as for Nursing, they must have PSY201, PSY211, SOC221, MATH111, BIO111, and CHEM103 (please note MATH111 is only necessary if the student does not receive transfer credit for PSY205 b/c MATH111 is a pre-req for PSY205). The same applies to students who enroll with a Bachelor's degree. Please note BIO203, BIO213, BIO214, PSY205, & NUR210 are required courses for the major and not part of the GEC for which every student must complete, no exemptions allowed. Also any student who enrolls to seek a BSN is allowed exemption from BIO111 if he/she receives transfer credit for BIO203, BIO213, & BIO214. No student is allowed to transfer in Nursing courses from other institutions, with the exception of NUR330 & Nursing elective; this can be considered on a case by case basis as requested by the student.

The School of Nursing accepts students three (3) times per year. Students must have no less than 2.8 cumulative grade point average based on a 4.0 scale. Students must be accepted into Cumberland University before they can apply to the School of Nursing. Each student must have completed certain hours and courses in order to apply for admission to the School of Nursing. Each student is required to take the Nurse

Entrance Exam (NET) at CU School of Nursing. Students are required to pass at the national average, national mathematics average, and reading comprehension average. Students are required to send the admissions office and the nursing school their official transcripts
