### **What's important to us?**

- Our Mission is to increase assist our customers by showing them how to implement time-saving, document imaging, copying, printing and distribution systems without increasing operating costs.
- Our approach to document management needs is comprehensive. We consider computer printing, copying, fax transmissions, fax receptions, e-mail, filing, retention, and retrieval systems in developing our recommended solutions.
- We enable our customers to focus on their business and customers by providing them with equipment, software, and services to enable them to efficiently process documents with the lowest possible costs.
- After we have implemented our systems in the workplace, we keep it all up and running by delivering amazingly fast, on-site maintenance services provided by courteous, professional technicians.

NovaCopy fully believes in helping its surrounding communities. Every year, NovaCopy donates to various non-profit and outreach organizations. We want to be considered a “friend” to everyone whether through business or community involvement.
