

WHAT IS THISTLE FARMS?

Thistle Farms is a non-profit business operated by the women of Magdalene. By hand, the women create natural bath and body products that are as kind to the environment as they are to the body. All sales proceeds go back into supporting the residents.

Magdalene is a two-year residential community for women who have survived lives of prostitution, violence and abuse. Through Thistle Farms, the women of Magdalene gain much needed job skills, and learn responsibility and cooperation. Into every product goes the belief that freedom starts with healing, and love can change lives.

Our dream is that people will come to see Thistle Farms as a humble but powerful business that is synonymous with women's freedom.

love heals
