You can register for the ONLINE, INSTRUCTOR-LED COURSES the same way you register for any Tennessee Bankers Association (TBA) program/course.....

The high quality of AIB, industry specific education, is available via the internet through Tennessee Banker Association, your Local ABA Training Provider. Following is a list of some of the most popular AIB programs that can be delivered right to your office or home through your computer! There is no need to leave your office or home thanks to today's technology.....no need to lose valuable time and expense traveling to and from classes. You will note the credit applications on this schedule. In addition, these courses may be approved for college credit depending on the higher education entity you may be working with.

How do AIB online courses work? ? ? ? ?

After you have registered through TBA, you will receive an email from ABA with the information you need to start your course. This email is usually sent the Friday before your class begins the following week. Most textbooks arrive the first week of class for those classes requiring textbooks. The course will be facilitated by an instructor who will guide you through each lesson and is available to answer questions and provide feedback on your assignments. Each week your instructor will post a new assignment. Assignments may include:

- Reading a chapter either from your textbook or online
- Completing a short assignment and either forwarding the assignment electronically to your instructor or posting it on the electronic class "Discussion Board"
- Taking a self-check test to verify your understanding of the course material

In addition, you will have some assignments where you will collaborate with other students using electronic discussion boards and e-mail.....A VIRTUAL CLASSROOM!

The 16-week classes include a week devoted to mid-term and the final. These examinations and the self-check quizzes for each assignment will be taken electronically over the Internet and proctored by a person identified from your bank, either HR Director, training manager or someone from your management team. Your overall grade for the class will be based on your performance on the weekly assignments, mid-term examination and the final examination. Classes lasting fewer than 16 weeks have at least one graded measurement of learning, typically a final exam.
