What is the Harpeth River Jam?

The mission of this benefit is two-fold; heighten community awareness about the Harpeth River, and empower individuals to lead eco-friendly lifestyles. The message will call on everyone to make simple and effective changes in their homes and businesses resulting in long-lasting impacts for generations to come. The Harpeth River Jam will not only encourage social change, it will raise critical funds needed to meet the challenges facing our river system.

Why Advertise with HRWA?

Your purchase of advertising space in our programs will not only promote your business, but also allows the greater metropolitan community to see your strong commitment to the environment.
