

## Why companies are choosing CMR

**Proven Solution** For over a decade, CMR has proven to be a vital and valuable partner to companies of all sizes throughout the world. By utilizing CMR's expertise, over 100 companies have been able to save in excess of \$70 million dollars in Property/Casualty, Group Benefits, and Money Management.

**Cutting Edge Technology** CMR prides itself on being the only independent consulting firm with a patent-pending application and a copyrighted database (The CMR Database®). Our database allows us to quickly and efficiently utilize an industry matching system that compares your existing rates, coverages and portfolio characteristics to over 4,500 national and international sources representing \$2 trillion in premium and \$4 trillion in assets. Clients quickly receive pricing and benchmarking comparisons that go beyond a once standard localized effort resulting in substantial savings.

**Single Source** All companies in today's world struggle with the costs of insurance and benefits. At CMR we can assist you in finding the best coverages, lowest premiums and carrying charges. Whether it is Property/Casualty, Group Benefits, or Money Management, our experienced staff of consultants can help you find the right solution with the best possible savings.

**Flexibility** Working with CMR is easier than you think. Unlike most consulting firms, CMR does not require that you leave your existing broker relationships. There are two ways in which to engage the services of CMR, either through a contingency contract or on a fee based project. Either way, you will receive the overwhelming benefits of engaging **CMR & Associates**.

Why Use A Consultant
