Dear Sir/Madam:

Federal regulations require that we report all payments made to non-corporate vendors which exceed $600 a year (Internal Revenue Code Section 6041). If payments are over $600, a federal form 1099 will be issued to you as soon as possible.

In order to comply with these regulations, we are requesting that you complete and return this letter to us. We need your federal tax identification number or social security number, whichever is applicable.

If you operate your business under a trade or business name, but use your social security number because you do not have a federal tax identification number; please provide us with both the business or trade name and the name on your social security number.

You may be exempt from these 1099 reporting requirements; however, failure to comply may result in federal penalties (Internal Revenue Code Section 6676). Additionally, if you do not respond to this notice, we will be required to backup withholdings on all payments made to you. Currently, the backup withholding rate is 20%.

Your prompt attention to this matter is appreciated.
