Thank you for the donation of your used cell phone.

### We ask you to:

- \* Attach this label securely to a padded envelope, enclose the phone(s), and drop in any U.S. Post Office box
- \* Please recycle your chargers and accessories locally
- \* Be sure your cell phone is deactivated prior to donating
- \* If you would like to clear out your personal information yourself (we clear it out electronically in our warehouse), Please use the following link: <http://www.thewirelesssource.com/TradeUp/personalinformationremoval.html>
- \* Feel free to pass this label forward to your friends and neighbors!

### Charitable Recycling will:

- \* Clear Personal Information from your phone electronically if you have not already done so.
- \* Make a donation for every phone received.
- \* Recycle your phone in a responsible manner, we are ISO14001 Registered

Proceeds Benefit

**Charitable  
Recycling**

Did you realize the number of retired handsets in the U.S. weigh the same as a U.S. Navy Air Craft Carrier? Also the Cadmium in a single battery from a cell phone could contaminate 800,000 liters of water - enough to fill 1/3 of an olympic size pool!
