TVA SUPPORTS SCIENCE AT CU

The Tennessee Valley Authority recently contributed to Cumberland University's Science Camps which were held on the Lebanon campus this past June. Students in sixth and seventh grades participated in hands-on activities during the week long camp. Students honed critical thinking skills and developed their interests in sci-

ence at the camp. TVA's donation was used to purchase supplies to upgrade some of the science experiments during the camps.

FACULTY/STAFF GIVING

As a member of CU's faculty and staff it is your daily commitment, hard work, and attitude that contributes to the success of the University. Alumni, friends, corporations, foundations, even your neighbors take note when our faculty and staff – those who know the institution best – endorse and support its operations with their own hard-earned money.

Your gift of support – regardless of its size – attracts gifts from others.

Direct your gift to any school, program, department, or scholarship you prefer or make a gift to where it is needed most to be used to address the University's most urgent needs. Remember...every gift counts...and every gift makes a difference!
