

Driving Directions

Eagle's Nest Foundation
43 Hart Road
Pisgah Forest, NC 28768

Eagle's Nest Foundation (ENF) is located in the Blue Ridge mountains of western North Carolina. Our campus is not near any major highways, so getting here requires driving on some country roads. While internet directions (i.e., Google Maps, Mapquest, etc.) and GPS devices are useful while traveling to our approximate location, they may not be the best guide on the last portion of the trip, for several reasons:

- In an effort to provide you with the shortest route, they may send you down a complicated series of back roads that can be difficult to navigate if you are unfamiliar with the area. The directions below describe the simplest routes to our campus, which may be easier to follow than the shortest routes.
- Some intersections on the way to ENF do not have road signs posted. Consequently, the directions below use lots of landmarks and odometer readings to help with navigation. There is a lot of information below, but we would rather have too much information than too little!
- If you need any assistance as you are driving, please call our office at 828-877-4349.
