

Tennessee Mental Health Consumers' Association 2018–2019 Trainings

WRAP® II FACILITATOR REFRESHER TRAINING:

To improve skills and stay informed regarding effective approaches to WRAP II Facilitation continued learning is imperative. It is highly recommended by the Copeland Center for Wellness and Recovery that WRAP II Facilitators attend a Refresher Course at least once every two years to stay up to date on developments and best practices. WRAP II Facilitators ***that do not attend Refreshers*** every two years are not facilitating under the Copeland Center's "best practices".

The WRAP II Facilitator Refresher Training is a 3-day interactive course developed to sharpen and expand facilitation skills to further engage groups in the Wellness Recovery Action Planning. Through attendance in this course WRAP II Facilitators will:

1. Recognize expanded options on how to give effective group introductions.
2. Identify additional knowledge areas, Values and Ethics of WRAP.
3. Apply at least one new skill to sharpen and expand group facilitation skills.
4. Develop new and creative approaches to facilitation to accommodate participant challenges and differing group needs.

Pre-Readings are required and are emailed to registrants prior to the training. You must have completed WRAP II Facilitator training and submit the certificate to be accepted for this training. This course also includes 1-hour training on "Values and Ethics" which can be used towards CPRS certification; the total course offers 24 continuing education hours.

EAST TN: Knoxville: October 24th- 26th, 2018, TMHCA, 200 West 5th Avenue, Knoxville, TN 37917
